program highlights

*The Valiants started the 2006 season 4-0-1, the best start for the team since 1999.

*22 of Manhattanville's 27 student-athletes are sophomores or freshmen, each brought in by third-year head coach **Didier Orellana**.

*Orellana led the Valiants to the Second Round of the ECAC Metro Tournament in his first season (2005), one of only three postseason appearances in program history.

*Senior **Andy Rotondaro** is the team's active leader in points, goals, assists, shots, matches played, starts, shooting percentage and match-winning goals. His 58 career matches played are 21 more than the next closest Valiant (junior **Louis Villano**).

*The incoming class of 2007 includes a keeper from Spain, a midfielder from Kenya and two players - a midfielder and a forward - from Scotland.

*The Valiants' most experienced keeper, **Jerry Tellier**, won nine matches as a freshman in 2005 before backing up senior Francesco Notaristefano in 2006.

*Tellier, Rotondaro and **Victor Feliciano** were each named to the Skyline Conference Academic Honor Roll in 2006.
